submitted to the Board of Trustees and External .  
Accountants and Auditors. This procedure has  
been followed without problems from the very  
beginning of L&T work until the 31/12/94. Only  
you know why you now want to depart from this  
established procedure by copying your fax/letter  
to the Bishop and Thabo at this stage of the  
exercise. That raises doubts about your motives  
or bona fides.

3. You knew, perhaps even better than I do,  
although that is doubtful, that you have under  
the Law up to the 31/10/96 to prepare accounts  
for the Financial. Year ending the 31/12/95,  
Given that, what has suddenly raised the storm  
reflected in your fax/letter?

4. You know as well as I do that Mr Arum  
Hahira, LMT Freelance Accountant, will  
always find time in between his other important  
activities to do LMT work upon request. 9% will  
confirm this to anybody who cares to \$435 Mm  
In the circumstances it is not clear why you  
make the statements you do about him.

5. In 1993 and 1994 you prepared L&T London  
accounts very well without demanding statements  
from, LET Johannesburg to incorporate in the  
London accounts. That procedure of the  
accounts prepared that way were! as laid by  
you, Arum, External Account; and  
Audit and Trustees. why have you now  
abandoned a procedure that has satisfied  
anybody in preference for the course of action  
you are now embarked upon? Why?
