Dear Barbara

Skin Sipoko

I enclose copies of study and end of term reports in respect of Skin Sipoko. He has successfully completed a BTEC National Diploma in Graphic Design and wants to go on to do a BA (Hons) in the same subject, for which he has been accepted at Norfolk Institute of Arts and Design. Africa Educational Trust are very satisfied with his achievement and have agreed to continue sponsoring him.

If this arrangement is in line with your Department's plans for him, we will authorise AET to go ahead with it.

With best regards.

Yours sincerely

Dear Tutor,

The student named overleaf receives a scholarship from the Africa Educational Trust to attend a course of studies at your College. We should be most grateful if you could comment as fully as possible on the academic progress of the student, outlining any particular problems; his/her attendance record; and the estimated date of completion of his/her course. We require the information not only for the purpose of renewing the student's grant, but also to enable the Trust to help the student as effectively as possible.

Information given by you will be treated as strictly confidential.

We would be grateful if you could return the completed form to us by 30th April , using the addressed envelope provided.

skin has perhaps been a little too mature for this course and should respond well to the extra demands of a B.A. course. His attendance has not always been wonderful but I understand he had some medical problems towards the end of last term. He should successfully complete the B.Sc. N.D. but has a little catching up to do. He is a pleasant person and should have no problems on his next course but many of his fellow students are much younger than he is at present which must have been difficult for him. It is important that he makes the right choice of course - I think he enjoys Art History which should be in evidence at Nowlis - we wish him well.
