DAKAWA

Dear Cde Hans - Petter

Following our meeting in Dar es Salaam with TCRS, you held an on site meeting with them in Dakawa of the NOD Projects. As requested Mr Stokell elaborated the financial situation as it stands today based on information received during his visit.

, His summary is that it will require over \$ 320 000 to complete the projects.

. : May I enquire what these estimates are based on and 11 they include any

3: new purchases of equipment and materials abroad.

If indeed it will still cost \$ 239 000 to complete the Hall and Supply Centre then we will have to seriously reconsider equipping these buildings in the light of the AHC'S intended phasing out of its projects in the region.

Christian Balsleve-Olesen will visit Tanzania in the 3rd week of November to 1 1). view the former me and other NOD projects, (2). discuss new proposal for NOD funds and (3). discuss the implementation of the DANIDA allocation for 1991 and discuss our needs for 1992.

Yours sincerely

Z.S. Mankazana.
