Dear President Tambo:

I am pleased to enclose a copy of the February issue of the Human Rights Quarterly. It contains the transcript of our Symposium on Children in Detention in South Africa that we held last June in Washington. The Quarterly has a circulation of

2,000 world-wide. We are pleased that the message about South Africa's brutal treatment of children will reach that audience.

I hope that you find the transcript to be a moving and useful documentation of the plight
