Monica's hide story

I came last Saturday for the reasons you called me for I went out of that house with the understanding that we made with Sean. It had happened that Mai O came to collect it. She further said she was still to collect it because he is brave he took wanted to take even the bed had caused conclude because the bed had caused her problems she doesn't want it any longer.

Continues: ~~the~~ I said in regard to what is said that she is a full member of the A.H.C. He never gave credence. I said this because I was ill-treated by Mai O. He asked, "the who I am I, then she said I'm a sellout." Then I said I'm happy to know that. He wanted to take the bed by force it is then that I said he is protected then I went out. He said something which I didn't like & said (further) get away leave me alone. I locked the door and came to the housing office.

P/S: The decision which the housing officer took of taking me out of that house was very unfair and Monica she says she did it like it, because there are so many house ~~at~~ that have problems and they are not ~~fast~~ speedily resolved. I only kept quiet because she took it at Sean suppressing her

(2)

The other reason why that happened it because Tim Tim is working with fear and therefore she got a impression that if we had pre-discussions in the working office. The procedure is when a person is shifted from one house to the other discussions are held with the inmates of that house.

yesterday Bongi came to ask for bread and when we parted I met Lisa who greeted me and passed & went to Bongi to ask about the issue. Shirley reported the matter to The J.P.C.

P/S: I - the struggling for the mattress her child knocked against the wall, & I called on some Tanzanians to help me & took asleep from the "asleep not crying" & took her to Bongi's place and came to the office.

## Mai O's Role Story ①

He was told that Monica had taken the bed i.e. he was told by Fikini. Now Normally the discussion should be between the people who stay in the house. The former inmates took the bed from the former inmates to take that bed back to where it came from. When Monica moved to a different house she took the bed, and the rule is no furniture should move from one house to another, furthermore, the mattress she brought to the house was fitting. He stresses that he was not concerned about the mattress, but the bed. He explained to him that Sean agreed the she should take the bed, but she was also meant to talk to the inmates. She further said that in the AHC it is not everyone whose genuine. In a rejoinder Mai O said "I think I'm the member of the AHC. The implication according his understanding was that I'm a sellout. And Mai O said to her so you are saying that

②

That I'm a sellout. I'm very  
discontented about her approach because  
she further insulted me and said  
that I'm provocative, I took it  
upon myself to act in the way I did.

She is still keeping the key of her  
No. 45 since she didn't sleep in the  
house yesterday. She is no longer cooking  
or staying in the house, but she still  
continues to cook in it. Finally Main O  
said she doesn't want to be reduced  
to nothing. When she entered the house  
heard saying she is the one who is  
supposed to be reduced to nothing. She  
can disprove the implication & allegations  
of what I've just said.

PS: It is not true that the child  
was knocked against the wall, so  
I would like to go to check  
with the doctors, finding an example  
there is case of a child claimed to  
have knocked the wall. The so-called  
~~with~~ was still on. Now that she says the  
child had hit the wall I would like  
us to ask my witness Stix. & that  
was no crying. if that were all  
Rose who were in the house could  
have heard her crying.
