The Department of Arts & Culture of the African National Congress would like to invite you to be the Chairperson on Friday, 30 April 1993 during the Culture & Development Conference. The primary function of this conference is to arrive at and declare a comprehensive set of policies in the sphere of arts and culture. In addition, the conference will work out and announce strategies for implementation of these policies, which will be placed under the Board of Trustees. The Board of Trustees will consist of people who have made a significant cultural contribution in our country, who do not have high political profiles but are of considerable standing within their community.

Attached to this letter is the conference program that will give you an overall view of the issues that will be tabled at conference, as well as how each day is structured.

Your presence will enrich the conference proceedings and I hope you will be able to Chair this session.

With best r
