#1"!

mm the comradesa' mam me come cane. we mentioned an offer t9 then.

Ewen:- it turned out the: they could not take them ma since it was later clarified that these were for mimity courses and they did not have the .1 truafioations for them. This therefore meant then they had to wait until aoho- ., 1 9 151-3311;): at technical level were offered. Incidentally they did insist on going for technical level studies rather than miverhty. me real problem here, could be detected from the lack of coordination between the students union in the F35 md HQ on their problems.

. - The ignorance er the sohlu-ehip emittce ea the eondittmeef these students . . , above. Thisxinfomation should have been supplied rm I39 13 the Youth Secretariat .

- 4 Lack of clarity on the part of the secretariat on the agreements reached between the studmts union in the 1333 and the mission in the GDR, and between the latter and the parw in the (ma.

Rmozmm IEEIGB

That this explanatim be made te the Mt: Mama mad that they h ?N _; ' pereueded to m: for the next affer 0: technical schola i' p: in the I _

- That a. mu report 6: obtmed m the students mien in the rag and the mission in the am on the negotiations made mm the: am: also between thtf mission and the party in the cm. ' y t

. . ' '- That a request be mate to the puty for the students as hue problems of the & ewe nature as the three-including then - to be offerei scholarships for both . the March and September intakes at technical and miversity levels respec- tively, to cum the final solution of this problem

Finally the stviants appamny think that their stay Ls being deliberately _ engineered so that they shanld cover the nine months 132. . an even 1! thin _' were to have been waived in their ezse, objectively, they emot find glaze- : meat in the GER, before larch next year einee Lie 1:: the only tine \$233: '1 for teohncal level courses are am.
