Dear Marjatta,

RE: Mazinbu Libragz Project.

. Enclosed is photocopy of a name I sent :taconrade Tikly.

As you can see, we have offered a sun of aboit US \$1,600 for purchase  
of books-

I would suggest that in the meantime w. should draw up & list  
of books we require. my view is that these should be books of general  
informntion, possibly from the list I sent you earlier. Also if possible  
indicate where they can be bought,

Re: Donation from UN Association of Norwax

We have received a letter from the FN-sambandet i Norge (Hlited Nations Association of Norway) inforling us that on the initiative of its Executive Secretary, Severin J. Overaa, a Norwegian High School, the Fagerlia Videregaende skole (AF), has raised the sun of NKr. 12 000 . (nearly US \$ 1 600), and that this amount will be placed at the disposal of SOMAFCO through the UNESCO Co-operative Action Progranne. Mrs Helga Barraud in Paris is expected to confirm this.
