THESE ARE DRAFT MINUTES. THEY ARE CONFIDENTIAL AND RESTRICTED TO THE MEMBERS OF THE WORKING GROUP, THE DAILY MANAGEMENT COMMITTEE AND THE

MANAGEMENT COMMITTEE. THEY ARE STILL SUBJECT TO RATIFICATION BY THE WORKING GROUP AT ITS NEXT MEETING.

DRAFT MINUTES OF THE SECOND MEETING OF WORKING GROUP 3 (INTERIM ARRANGEMENTS) HELD AT THE WORLD TRADE CENTRE, JOHANNESBURG ON THURSDAY 6 FEBRUARY 1992 AT 10H45.

PRESENT:

Delegates and advisers (see Addendum A)

K Andrew (chair)

C Coleman (secretary)

K Kweyama-Makgabo (minute-taker)

#### 1. OPENING AND WELCOME

K Andrew opened the meeting and apologised for the late start of the meeting. The chair explained that there had been technical problems with the sound system.

Objection to the late start was raised by R Carlisle (DP) and noted.

#### 2: APOLOGIES

The Labour Party delegation rendered apologies through the chair. It was stressed by the chair that the delegation had an important matter to attend to and that their absence from the meeting was no slight to CODESA. Concern was raised by some WG 3 members that CODESA was not being given first priority by some delegations. The chair explained that a very important vote was taking place in parliament that would be greatly affected if some members of the Labour Party were not present.

#### a RATIFICATION OF MINUTES

Srl The following changes were made to the minutes as tabled for ratification:

4.1.1.3 The words "if needs be" should be deleted.

4.1.3. The section should now read - "The WGSC3 was requested to make a proposal to the next Working Group meeting on the appointment of a Chairperson for the next meeting, bearing in mind the principle of rotation."

7.2.2 The section should now read - "The minutes should reflect date, place, time and attendance of the meeting. #### REPORT FROM THE WORKING GROUP 3 STEERING COMMITTEE (WGSC3)

K Andrew spoke to the summary of recommendations as recorded in the document (Addendum B)  
presented to WG 3. A Nkondo (Ximoko Progressive Party) raised concern that the recommendations,  
dated 30 January were only handed out at the meeting on 6 February. It was pointed out that the  
recommendations had been faxed to the respective party offices as agreed on. It was also noted by the  
chair that the Report from WGSC3 was only handed out as supporting documentation to the report that  
the chair would be giving orally of the WGSC3 meeting of 30 January 1992 and that the minutes of  
that meeting had not been adopted yet by WGSC3. The report was accepted with the following  
contributions by way of addition or amendment:

#### 4.1 CLARIFICATION OF TERMS OF REFERENCE

4.1.1 It was proposed that the chair should be accompanied by an additional member of the  
WGSC3 to DMC meetings when necessary.

#### 4.2 TIME FRAMES AND SCHEDULES OF MEETINGS

4.2.1 It was agreed that 3.1 should be changed to read "...to make as rapid progress as reasonably possible."

4.2.2 The Bophutatswana delegation expressed concern that the meeting of Monday, 10 January had been moved to Tuesday, 11 January. They felt that they would not be able to attend that meeting and consideration should be given to postponing the meeting to the 17th. It was suggested by A Rajbansi that the MC should not schedule their meetings to coincide with CODESA Working Group meetings. The chair reminded the group that delegations had been requested to reserve Mondays and Tuesdays for Working Group meetings and requested that the meeting of Tuesday the 11th still goes ahead. The WG was also requested to consider ending meeting at 16H45 to allow delegates time to catch their flights. This was accepted.

#### 4.3 CHAIRPERSON OF WORKING GROUP

4.3.1 It was decided to request the MC to draw up guidelines for the uniform appointment  
of chairpersons for the Working Groups. Uniformity in terms of the time the chair presides as well as the principle of impartiality and others enunciated in the first WG 3 meeting should be kept in mind. Once a report was received from the MC, this matter would be revisited by WG 3.

4.3.2 K Andrew would chair the rest of this and the next meeting on February 11, 1992.

4.3.3. Guidance should also be sought from the MC on procedure for reporting the findings  
of the WG's at CODESA2.

4.6.

MINO602 .WT

#### RAPPORTEURS

4.4.1

4.4.2

4.4.3

4.4.4

4.4.5

The objectives and functions of the rapporteurs as presented - 5.1 of the document was supported

It was agreed to appoint P Kleynhans (SA Govt) and T Madiba (Transkei Gov) as rapporteurs. The WGSC should, however, augment those by appointing additional rapporteurs to the WG 3. These additional rapporteurs should be appointed with due consideration to the first WG 3 proposal that rapporteurs come from parties other than those represented on WGSC3.

Point 5.2 of the document should read "P Kleynhans (SA Gov) and TJ Madiba (Transkei Gov) were proposed as the rapporteurs to be supervised by the Working Group Chairman. The rapporteurs will report to the Working Group."

The functions of the rapporteurs and the secretary are distinct and should be kept separate.

Rapporteurs would send by facsimile draft summaries of the inputs by political parties to those parties for comment within 48 hours of receiving the draft.

#### SUBMISSIONS

The MC is due to hold a media conference after the meeting of 10 February and at that stage submissions would be invited. It was debated whether the three week deadline was sufficient enough for interest groups to participate. The meeting concluded that a three week deadline on submissions, together with other efforts by the delegations would be sufficient enough to ensure adequate participation by interest groups through submissions.

#### TERMINOLOGY

It was agreed that the term "Interim Arrangements" could be used for ease of terminology by

the Working Group to replace Transitional Arrangement/Interim Government/Transitional Authority.

#### ADOPTION OF AGENDA FOR WORKING GROUP MEETING

The Agenda was adopted.

#### EXPLORATORY DISCUSSIONS ON INTERIM ARRANGEMENTS

RATIFICATION OF MINUTES OF THE THIRD MEETING OF WORKING GROUP THREE

Adoption of minutes of the third meeting of WG3 was proposed by A Rajbansi, seconded by R Carlisle

ADOPTION OF THE AGENDA

The agenda was accepted with the provision that item 7 be kept flexible in order for delegates to make suggestions or changes after they have had an opportunity to read and discuss the rapporteurs report.

TABLING OF REPORT OF RAPPORTEURS

The meeting noted receipt of the Rapporteurs Report. It was agreed that the report is noted as the interpretation of the rapporteurs. It is at this stage neither official nor approved, but rather a working document designed to facilitate discussion. It is a record of the issues raised in discussion. Specifically, issues of commonality were not agreed. Rapporteurs are requested

in future reports not to identify or record items of commonality unless requested to the contrary. The identification of items of commonality will emerge from proceedings of the Working Group.

#### TABLING OF REPORT OF WGSC3

The recommendations contained in the report of WGSC3 were accepted subject to the following comments:

6.1

6.3

#### RAPPORTEURS

Concern was raised by the IFP delegation that two rapporteurs were not sufficient for the workload. The delegation proposed that the two names proposed as rapporteurs be activated immediately to augment the present team of rapporteurs. It was indicated that A Gqokoma was available to work immediately and would be present at the next meeting. Ms. Zille would consult with her delegation about her availability.

#### SUB GROUPS

BJ du Plessis proposed that the WGSC3 further discuss the issue of sub-groups so that if and when a decision is taken to move into sub-groups, the procedures for doing so are in place and do not delay the progress of the WG. The Chair was requested to obtain clarity from the DMC on the structuring of sub-groups. The meeting agreed that the issue of sub-groups would be revisited when the need arises.

#### MEETING WITH CODESA SECRETARIAT

L Landers reported on the meeting with the CODESA secretariat. He raised the following points in the meeting, which were duly noted and accepted:

6.3.1 The DMC will appoint two people to scrutinize the minutes and proceedings of Working Groups as a mechanism to avoid overlap and communicate progress of the Working Groups.

6.3.2 It was noted that no formal requests for the immediate placement of advertisements in the media had been received by the MC from Working Groups.

6.3.3. The DMC would hold a press briefing every Tuesday. Working Groups that na any specific issue to raise should communicate with the DMC before this riefing.

6.3.4 On the issue of WG chairpersons, the WGâ\200\231s should decide how they wish to apply the principle of rotation and continuity.

6.3.5 All Working Groups, with the exception of WG 3 have not yet appointed rapporteurs.

6.3.6 Procedures on the tabling and submission of documents by political parties was the responsibility of the individual organisation. A photocopier would be made available to delegations for their use on a credit card system.

6.3.7 Proceedings of WG meetings would be recorded for historical purposes. Personal and private recordings are not permitted.

#### EXPLORATORY DISCUSSIONS ON INTERIM ARRANGEMENTS

Vel

ee  
V3

The discussion on these agenda items would take the form of an exploratory discussion. At the conclusion of the discussion, consensus will be recorded in a report by rapporteurs for adoption and decision by the Working Group.

These exploratory discussions would not be minuted but substantive points would be noted by the rapporteurs.

The point was raised that progress in the work of WG2 and WG4 would need to be monitored and a mechanism found to ensure that overlap with these Working Groups was avoided. This should be raised with the DMC. WG3 felt it to be within its terms of reference to discuss the role of the TBVC (and self governing) states in interim arrangements.

Preconditions tabled in the opening statements of delegations would be dealt with as part of agenda item 7.5 if not ariceenis covered in the preceding agenda items. Mr. Gordhan proposed an additional item "Understanding the Transition" to be discussed after agenda item 7.1. This was accepted.

COMMUNICATION TO WORKING GROUP STEERING COMMITTEES (WGSCs)  
FROM THE DAILY MANAGEMENT COMMITTEE

#### 1h. Rapporteurs

In response to a query from Working Group 3, the DMC at its meeting on 2 March 1992 considered the question of rapporteurs. In order to bring about some measure of uniformity the DMC would like to advise the Working Groups as follows:

Tea Each Working Group should have a maximum of two rapporteurs per Working Group.

ee Where a Working Group has established/establishes Sub-Groups in order to facilitate its work, it is recommended that there should be a maximum of one rapporteur per Sub-Group and that this should be inclusive of the two rapporteurs for the full Working Group meetings.

1S CODESA will bear the travel and administration costs of those Rapporteurs who would also be eligible for the per diem allowance if applicable.

L.4 With regard to substitution, in place of a person appointed as a rapporteur, it was agreed that:

1.4.1 The general rule is that no substitutions should be allowed. That is to say, a person serving in his/her delegation continues to serve in that delegation whilst also performing the task of rapporteur.

1.4.2 Where the rule of no substitution has already been overlooked (as in Working Group 3), the status quo should remain. However when new decisions in this regard are made by any Working Group, Clause 1.4.1 (above) should be implemented.

1.4.3 Notwithstanding the above, where a Working Group has a special case to make, this should be raised with the DMC.

#### De Sub Groups and Sub-Committees:

The DMC agreed to encourage Working Groups to evolve a measure of consistency with reference to any sub-structure they may create. The term "Sub-Groups" should apply to those sub-structures which have all parties/organisations on it. The term "Sub-Committees" should be used to refer to a smaller group of individuals appointed by the Working Group to perform particular tasks. Working Groups are also requested to avoid creating sub-structures which may have the tendency to slow down processes rather than facilitate the Working Group in discharging the task entrusted to it.

#### BP Coordination of Working Groups:

pl With regard to the issue of coordination between WG2, WG3 and WG4, it was agreed that

the Chairperson of the DMC and the Secretariat, in consultation with the Chairpersons of the relevant WGSCs make proposals to the next DMC meeting.

Bo2 It was agreed that, in addition to requesting the secretaries and minute takers of the different CODESA structures to accentuate decisions in the minutes with underlining, WGSCs be asked

to summarize their agreements up [to date. Such agreements would then be circulated to all Working Groups.

4. With regards to the question of coordination between Working Group 3 and Working Group 4, a meeting between the Steering Committees of the two Working Groups be arranged in order to discuss this matter.

#### AGREEMENT ON ELEMENTS OF INTERIM ARRANGEMENTS

Agreed:

IM There is need for interim/transitional arrangements in order to facilitate the transition

towards a new democratic constitution to which CODESA is committed.

Bp An important aspect of such arrangements will be the creation of a transitional executive structure.

BF The transitional executive structure shall initially be by appointment in accordance with procedures agreed upon by CODESA.

4. Agreements reached at CODESA in this regard will have to be given effect to by Parliament through amendments to the existing constitution and relevant legislation, in order to give them constitutional and legal form.

#### AGREEMENT ON ELEMENTS OF INTERIM ARRANGEMENTS

Agreed:

le There is need for interim/transitional arrangements in order to facilitate the transition

towards a new democratic constitution to which CODESA is committed.

ee An important aspect of such arrangements will be the creation of a transitional executive structure.

ae The transitional executive structure shall initially be by appointment in accordance with procedures agreed upon by CODESA.

4. Agreements reached at CODESA in this regard will have to be given effect to by Parliament through amendments to the existing constitution and relevant legislation, in order to give them constitutional and legal form.

Se Other aspects of the interim/transitional arrangements still need to be discussed.

eS)

The South African Government submitted their proposal on Interim Arrangements. This proposal was supported by the National Party. WG3 discussed the proposal, raising questions for purposes of clarification.

P Maduna proposed and P Gordhan seconded adjournment for the afternoon to consider the proposals fully.

The meeting reconvened at 09H30 on Tuesday 24 March.

P Gordhan proposed that the meeting focus on the questions of 1) Phases

2) Purposes and Objectives and 3) Nature of the structure of interim

arrangements. K Andrew suggested the meeting only focus on the latter two items. A sense of urgency was expressed by the Working Group to make progress. Further comments were offered on the NP - SA Government proposals.

K Andrew tabled a resolution (Appendix D) for the consideration of WG3.\_ This resolution was discussed and amendments suggested for the consideration of the Democratic Party. The resolution as proposed will be discussed by all delegations with their principals and considered by the WG at the next meeting.

Further discussion of the nature of the executive structure and the question of phases took place. These matters would be pursued further at the next meeting.

T Mbeki wished it be minuted that the ANC was of the opinion that Transitional Structures should have powers to carry out executive functions. An understanding of how the transitional structures related to present government structures would need to be debated.

Further submissions were tabled by Inkatha Freedom Party, Ximoko Progressive Party and Dikwankwetla Party.

## APPENDIX B

THESE ARE DRAFT MINUTES AS APPROVED BY THE CHAIRPERSON. THEY ARE CONFIDENTIAL AND RESTRICTED TO MEMBERS OF WORKING GROUP 3 AND 4, THE MANAGEMENT COMMITTEE AND THE DAILY MANAGEMENT COMMITTEE. THEY ARE STILL SUBJECT TO RATIFICATION BY WG3SC AT ITS NEXT MEETING.

PRESENT:

Delegates (see Addendum A)

M Durrheim (minutes - WG 4)

A Gqokoma (WG 3 rapporteur)

P Kleynhans (WG 3 rapporteur)

BT Ngcuka (WG 4 rapporteur)

### Hs APPOINTMENT OF CHAIRPERSON

ile It was agreed that Mr. L Landers would chair the meeting. At future such joint meetings the chairpersons of the two working groups would alternate.

NE) L Landers thanked S Sigcau for accepting the invitation to meet and the members of WG4SC for attending the meeting. He also thanked the CODESA secretariat for setting up the meeting.

nN

## PURPOSE OF MEETING

Doll The chairperson explained that the purpose of the meeting was to address the need to arrive at a satisfactory working arrangement between the two working groups in order to avoid unnecessary overlapping. This was necessary because both working groups had briefs to address issues relating to the "TBVC states in the interim."

De There was discussion during which delegates stressed the need for consultation between the working groups.

23 Delegates from Working Group 3 explained that their work was progressing rapidly,

but expressed concern that their progress may be retarded by Working Group 4 not having made sufficient progress of its own.

2.4 The delegates from Working Group 3 reported that if the TBVC states still existed as sovereign entities by the time an interim government was created, the TBVC states

would obviously not be included in the interim South African government.

es It was reported from sub-group 4 of Working Group 4 that the following suggestions had been made:

SG & 4/MINUTES/24 MARCH

Each of the TBVC states should give up their independent and sovereign status by passing the necessary legislation. They would each automatically become self-governing states within South Africa with the effect that their citizens would again be South African citizens.

If a referendum is held the current citizens of the TBVC states would automatically be part of this process.

To ensure that the TBVC states and their people do not suffer as a result of giving up their sovereign status, the South African government would be asked to maintain all the bilateral and financial agreements currently in place with the TBVC states.

There would be a need to harmonise the legislation between the TBVC states and the South African government.

All the TBVC states should agree to these principles to prevent instability and the possibility of violence.

Recognition needed to be given to the fact that the people in the TBVC states wanted to be included in the CODESA process and any interim government agreed upon.

The Bophuthatswana government recorded its objection to the principle of re-incorporation and further recorded that it was not prepared to de-scale its status as an independent state.

The TBVC states agreed to discuss these proposals and report back at the next Working Group 4 meeting.

It was suggested that a meeting between heads of state of the TBVC states and the South African government should be investigated.

After further input from various representatives it\_was\_ agreed that:

CLARIFICATION OF TERMS OF REFERENCE OF WORKING GROUP 3

Sal Concern at the overlapping of terms of reference of CODESA working groups was expressed. As duplication of discussions should be avoided, it was suggested that some form of formal interaction be structured between Working Group Steering Committees. WGSC3 recommends that all five Working Group Chairs meet with the DMC to structure a link between WGâ\200\231s and the DMC.

Clarification of Terms of Reference of Working Group 3 is a task for the Working Group and not WGSC3. The next Working Group meeting on 6 February should

by means of an exploratory discussion, attempt to identify principal issues affecting the

Terms of Reference of WG 3. This would clarify terms of reference and in turn would help identify where issues constitute an overlap with other Working Groups.

DES It Bae agreed that at this stage, no further clarification of Terms of Reference is needed.

5.4 Reference to the "new constitutionâ\200\235 in the WG 3 Terms of Reference is taken to mean the constitution as adopted at the culmination of the negotiation process.

6. MATTERS ARISING FROM WG 3 MEETING OF 20 JANUARY 1992 AND PROPOSALS  
REQUIRED FROM WGSC3 FOR NEXT WG 3 MEETING

6.1 DISCUSSION OF NEXT WG3 MEETING

6.1.1 With regard to an overall program of work, sub-groups and time frames, these issues will only be tabled after the next meeting of February 6 when the principal issues of WG3 will have been determined.

6.1.2 It is proposed that contributions of less than 10 minutes by delegates who wish to do so should be encouraged at the February 6 meeting as part of an exploratory discussion on interim arrangements. The discussion would explore

the views of various delegations and identify various principle issues and convergence\divergence on these.

WGSCG3, assisted by rapporteurs whose task it would be to consolidate and analyse these views, will then be in a position to review and summarise convergence/divergence on these contributions.

A point should be made from the chair that any delegation who does not wish to make a contribution at that meeting but rather on a later occasion will be allowed to do so.

Once the principle issues have been identified the definition of purposes/objectives and mechanisms to achieve interim arrangements will be stages 2 and 3 of the work of the Working Group respectively.

#### TIME FRAMES AND SCHEDULES OF MEETINGS

6.2.1

O27

Oe)

6.2.4

While it will only be possible to determine time frames once a clearer idea of the programme of work is established, the objective is to make rapid progress so that a report of some substance can be made to CODESA 2. It is proposed that WG 3 meetings will next take place on 6 Feb and 11 Feb. The principle of Monday and Tuesdays for CODESA has been set and is accepted. Time for meetings will be 10H00 - 17H00 on the first day and 9H00 - 17H00 on the second day. All delegates and advisers are requested to keep these days clear.

At the end of each WG meeting the schedule for the next meeting will be confirmed. The time schedule should be looked at a fortnight in advance. The DMC should be informed that Monday and Tuesday should be reserved for Working Group Meetings.

#### CHAIRPERSON OF WORKING GROUP

It is proposed that Mr. K Andrew will chair the next meetings on 6 and 11 February. The Steering Committee recommends that up until CODESA 2, K Andrew chairs the Working Group.

#### RAPPORTEUR\S

6.4.1

6.4.2

It was agreed that the prime function of the rapporteur\ s should be to process submissions, consolidate and summarise key issues arising from meetings and summarise agreements. These individuals should be available as functionaries of WG 3 as and when needed.

Piet Kleynhans (NP) and TJ Madiba (Transkei Government) were proposed as the rapporteurs to work as part of a team to be coordinated and supervised by the Working Group secretary.

#### SUBMISSIONS

Odo

6.5.2

6.5.3

6.5.4

The secretary was requested to communicate to DMC, WGSC3 concerns that advertisements inviting submissions have not been placed. The secretary is to request in addition, the widest possible publicity for invitations for submissions. This needs to proceed without delay.

The deadline for submissions should be three weeks from the time of the press release inviting submissions. All submissions should have a summary of not more than two pages.

It is recommended to WG3 that submissions go to the rapporteur\ s for analysis and comment and that copies of all submissions be received by all delegations. It is felt that this procedure together with other efforts by delegations will accommodate input by women and other interest groups.

#### LIAISON

The Chairman, assisted by the secretary and rapporteurs, should provide representatives of the DMC with information to be released to the press as and when appropriate. The WG3 Chair can be available to take questions from the press.

Sub-Groups

The WGSC3 agreed that attempts should be made in the first instance to move through the agenda of the Working Group in the plenary. Where the Working Group is unable to resolve differences, it is an option for the meeting to break into smaller sub-groups to deal with these matters and give rise to recommendations for the full Working Group plenary to consider. The WGSC3 will consider the option and functions of sub-groups at a later stage. It was agreed that P Maduna would address this item at the Working Group 3 meeting on 17 February 1992.

Meeting with Codesa Secretariat

K Andrew and L Landers will attend the meeting with Codesa Secretariat on Monday, 17 February 1992 from 08h00 to 10h00 at the World Trade Centre, Johannesburg.

Chairperson

K Andrew reported the recommendation of the Management Committee regarding chairpersons. It was agreed that there is a need to combine the need for continuity and rotation as the Management Committee had recommended. For the efficient working of the group, it is recommended that a chairperson continues for four meetings and then rotates alphabetically by name. D de Villiers would then be next in the chair after K Andrew, who would continue for the next two meetings. R H Mopeli would address this item in the Working Group.

Rapporteurs

Inkatha Freedom Party has recommended H Zile and A Gqokoma as rapporteurs. The WGSC3 feels that while the two rapporteurs are sufficient for the moment, the volume of work as time progresses would determine whether additional rapporteurs are needed. The WGSC3 recommended that the two nominees become part of a pool of rapporteurs that would be available should the need arise at a later stage. Delegates are welcome to add suggestions of individuals to form part of the pool of rapporteurs. T Mbeki is to address this item in the meeting.

as PROCEDURE OF AGENDA ITEM 6 AND PROGRESS OF WORKING GROUP 3

Dal It was agreed that WG3SC should attempt a detailed breakdown of the agenda to facilitate progress in the discussions. Â®

DP A proposal was presented by P Maduna to structure the discussion in terms of a pre-election period and a post election period. A detailed discussion ensued of how to structure the agenda so as make progress.

2.3 It was decided that the rapporteurs should compile an addendum of questions to the agenda to stimulate discussion. :

THESE ARE DRAFT MINUTES OF CODESA WG3SC AS APPROVED BY THE CHAIR AND RATIFIED BY WG3SC. THEY ARE CONFIDENTIAL AND RESTRICTED TO MEMBERS OF WORKING GROUP 3, THE MANAGEMENT COMMITTEE AND THE DAILY MANAGEMENT COMMITTEE.

MINUTES OF THE MEETING OF CODESA WG3SC HELD ON 3 MARCH 1992, 11H30 AT THE WORLD TRADE CENTRE, JOHANNESBURG.

PRESENT: WG3SC members (see Addendum A)

L Landers (chair)

R Alberts (secretary)

K Kweyama-Makgabo (minute-taker)

P Kleynhans (rapporteur)

T Madiba (rapporteur)

A Gqokoma (rapporteur)

#### 1. OPENING OF THE MEETING AND WELCOME

L Landers welcomed members of WG3SC. Apologies were received for A Macaulay.

#### 2p SUBMISSIONS

alt Submissions received will now be noted in the working group minutes.

ee A request has been received from the National Land Commission for an extension of the deadline for submissions. The SC recommended that the CODESA administration be advised that the WG would continue to receive submissions for as long as the issues in question were being discussed. The National Land Commission should therefore be advised to make a submission as soon as possible.

ZS The SC also noted that, given the change in dates for CODESA II, the deadline for submissions could be extended by 10 days.

#### Bs RAPPORTEURS

Boll L Mtshizana advised that the Transkei delegation wishes to withdraw T Madiba as a rapporteur and reinstate him as a delegate. The Transkei delegation felt that his contribution as a delegate was necessary to them.

Bw In this regard, the Transkei delegation will nominate a further rapporteur to be considered by the WG.

33) The SC expressed appreciation to Mr. Madiba for the work he had done as a rapporteur.

#### 4. BOPHUTATSWANA

41 Concern was raised in the SC about the Bophutatswana delegation's position on Interim

Arrangements.

wy The SC indicated that the implications of Bophutatswana's position would be discussed

under those points on the agenda that deal with the TBVC states.

oD)

The chairperson explained that the purpose of the meeting was to address the need to arrive at a satisfactory working arrangement between the two working groups in order to avoid unnecessary overlapping. This was necessary because both working groups had briefs to address issues relating to the "TBVC states in the interim".

There was discussion during which delegates stressed the need for consultation between the working groups.

Delegates from Working Group 3 explained that their work was progressing rapidly, but expressed concern that their progress may be retarded by working group 4 not having made sufficient progress of its own.

The delegates from working group 3 reported that if the TBVC states still existed as sovereign entities by the time an interim government was created, the TBVC states would obviously not be included in the interim South African government.

It was reported from sub group 4 of working group 4 that the following suggestions had been made:

2.5.1. Each of the TBVC states should give up their independent and sovereign status by passing the necessary legislation. They would each automatically become self-governing states within South Africa with the effect that their citizens would again be South African citizens.

2.5.2 If a referendum is held the current citizens of the TBVC states would automatically

be part of this process.

JOINT MEETING OF WGSC3 AND WGSC4/MINUTES/24 MARCH

To ensure that the TBVC states and their people do not suffer as a result of giving up their sovereign status, the South African government would be asked to maintain all the bilateral and financial agreements currently in place with the TBVC states.

There would be a need to harmonise the legislation between the TBVC states and the South African government.

All the TBVC states should agree to these principles to prevent instability and the possibility of violence.

Recognition needed to be given to the fact that the people in the TBVC states wanted to be included in the Codesa process and any interim government agreed

upon.

The Bophuthatswana government recorded its objection to the principle of re-incorporation and further recorded that it was not prepared to de-scale its status as an independent state.

The TBVC states agreed to discuss these proposals and report back at the next Working Group 4 meeting.

It was suggested that a meeting between the heads of state of the TBVC states and the South African government should be investigated.

After further input from various representatives it was agreed that
