AFRICAN NATIONAL CONGRESS

of South-Africa
Afrikkalainen kansalliskongressi

2nd April 1991

To: Cde J. Jele, Secretary of the Conference NPC
Fr: Cde M. Hussein, Chief Rep., Finland

Thank you for the revised Strategy and Tactics document which has been distributed to ANC members here.

In Finland the ANC membership consists of 5 students and the Chief Rep. (six in all). The students are organised into a student union and we have no formal RPC structure. The Office does, however, meet with the students from time to time to discuss ANC matters and policy generally.

To facilitate preparations for Conference it would be helpful to clarify the question of overall representation from this region, given that Chief Reps are normally invited in their own capacity. We received no response to the same query made before last year's Consultative Conference. The question simply put is: does the size of the membership here warrant a further representative - in addition to the Chief Rep. - as last year's NCC formula seemed to suggest.

Your timely response would be greatly appreciated.

AMANDLA!

M. Hussein
