October 12, 1973-

A. G. Groves Esq.,
Chief Education Officer,
Borough of Haringey,
Somerset Road,

Tottenham, N. 17 9EH.

Dear Mr. Groves,

I beg feo refer to the telephone conversations
I have had with members of your Staff on the subject of a
scholarship grant for my son.

We have three children: a boy, DALI, aged 14-,
and two girls, TEMBI and TSELANE, aged 16 and 11 years resp-
ectively. All three children are at boarding schools.

DALI has been at Lancing College, Sussex,
for two years, and my wife, who is a Nursing Sister, has been
paying his fees, amounting to £300 per term. He is due to take
his "O" level examinations in 1975*

Four weeks ago, our house caught fire. In the
course of escaping from the fire my wife fell from a portion of
the roof on to a concrete* surface, and sustained a tripjhe
fracture of her right femur. She is now at the Whittington
Hospita 1, and the considered opinion of her doctors is that
it will take a minimum of 12 months before she is able to
resume work, and xiraxiixis there is no certainty that at that
scage her normal earning capacity will not prove to have been
seriously impaired.

Faced with this mishap, I am appealing to the
Borough for a scholarship grant or other financial assistance
to cover my son's fees at Lancing for at least three consecutive
terms, £H££Mi££Hg3:x£:£xEHxsifeissfx&kscxsmxaEixisxis^xiH
