The Secretary,  
Women's Secretariat,  
Lusaka.

Dear Comrade Secretary,  
In the year of the Women I greet you all.

I am in receipt of the circular concerning the cosmetics which was dated the 1h/2/8h and the statement on occasion of 8th March - the international women's day (198h), of which I could not acknowledge for earlier due to the various activities I found myself in especially since the beginning of this year. All in all comrade secretary, we thank you in advance for the cosmetics you've organised for us as women, also thanking you for the statement and the programme of action. '

Comrade, concerning the money we at from the calendars, and in accordance with the letter dated 2h%11/83, which stated clearly that we remit the funds and send it to the Women's secretariat. After selling those calendars, we approached Cde Malume, our regional treasurer, asking him for an exchange from the meticals to rands. He advised that we send the money as it is. With the response we got and with your approval to our suggestions the women's section in the region suggested that we buy some things worth the money in the market and send them to you. But this has not been since we will be waiting to hear from you as to whether to send the money as it is, or we continue buying those things in the market.

Comrade, taking the advantage of this chance, I would like to inform you that it has come to our knowledge that the sewing project does no longer belong to the women's section but the regional treasurer. This has been confirmed by Cde Malume himself. In the light of these developments, the women's section is asking you to assign us with other tasks for this year. as the question of Skhakhas will not materialise and due to the fact that it would be difficult for us to ask the project to sew for the women's section the amount of Skhakhas we need for the year as it will not only concentrate on women's needs but also doing the work of the logistics; i.e. alterations and sewing of other items.

On behalf of the women's section in the region, I would like to apologise once more for the late information due to the reasons that we were still trying to solve the problem with the treasure here. Full report following soon.

We, as the members of the women's section are prepared for any task assigned to us.

Hoping that this request will meet your most favourable and immediate response.

Wishing you a success in your revolutionary tasks.

LONG LIVE THE YEAR OF THE WOMEN 3!!

LONG LIVE INTERNATIONAL WOMEN'S DAY :2!

Revolutionary yours, D1UpALr.
