FAX NO:

Herewith response to your fax oi 30/ 12 which I received this week.

1.

The minutes of the IUD delegations 3 meetings with the Management Committee which I was asked to compile and send to 11-13 will not be forthcoming as they have been misplaced. Please 3. check your own papers to see if you did not take my file by mistake on 24/ 12.

b. inform Z. Mvusi (head of delegation) of the situation.

Since the minutes comprise only a part of the IDD report and all the members were taking notes of the 3 meetings I trust you will manage to compile your report.

2a./ 2b. See attached Memo to S. Mienyana on Salaries budget.

6/9.

The individual payment orders are under preparation. I cannot understand monthly payment orders and proforma orders.

The reports / notes I gave you on DANIDA, NOD, Norwegian MFA etc are up-dated. There have been no developments since our meeting. Please brief Shaheed as I requested.

Attached in a memo to Shaheed is the proposed budget for DANIDA and some recommendations for the use of the NOD balance.

The Projects Department will be informed of new procedures for administration of NOD and DANIDA funds following our meeting with TCRS.

The delegation held an extensive meeting with the Furniture Factory and are best suited to inform you about its future after handover. After all it is their decision. The Management and ISF are willing to continue as a commercial entity but the T2 Govt. expressed the desire to treat the complex as an integral whole. We are arranging the Negotiations with ISF for Mid February here in Tanzania.
