Dear Sisi Florence,
We have received a letter from Comrade Sindiso Mfenyane,
Secretary of Professional Bodies, to the effect that you
have been posted to Maputo, to mend our medical affairs.
We are very happy about this. We needed a qualified
person in that area. We have no doubt that our Comrades
medical and health needs will be attended to satisfactorily
, i t a now.

On our side we can assure you that whenever you need help
we shall avail ourselves as much as we can and whenever we
. i can.

Whenever you need anything from this side, do not hesitate
to contact us. We shall send you a list of drugs that we
have in the stores here. You can then place an order with
us, and of course of any other medical supplies that may
not be available that side.

May we please have a bi-monthly report from your area.
This is to enable us to assess our work.

We wish you all the best.

AMANDLA! MATLA !
