As you may remember, the Friedrich Ebert Foundation publishes
at irregular intervals brochures on a variety of topics -
political and economic â\200\224 of international interest.

Today, I have the pleasure of sending you its latest publication
â\200\235Iran and the Gulf way"

which is a_report on a roundtable with prominent experts on the
subject, held in November 1984 in Bohn. Although perhaps not
quite up-toâ\200\224date since more than 20 months have passed already,
I do hope, however, that you may find this booklet interesting
reading.

Â°

Should you wish to receive some of the earlier publications,
please do let me know.
