Dear J acob,

It was indeed a great pleasure to host the delegates of the Ngala Renaissance weekend.

As a young South African I was enormously impressed by the level of energy,
commitment and human talent which I witnessed during this weekend. It certainly gave
me great hope for the future.

I will if I may, keep in touch with you in regard to setting up an informal weekend for
you and your wife at some time in the future with the view to showing you more
specifically how tourism and local communities benefit each other. If the opportunity
. presents itself with Russell and Msongi Tembe then it would be great to get together at
a bush venue.

I will stay in touch.

With kind regards,

/-.
