OF SOUTH AFRICA 1

January 25, 1979

LUSARA, ZAMBIA

Dear Friends,

We have a pleasure to inform you of holding the 22nd National
Convention of Japan Afro-Asian Solidarity Committee at Tokyo on
February 24-25, 1979.

The Japan Afro-Asian Solidarity Committee has appealed to
the Japanese democratic forces to strengthen further their efforts
for solidarity as called for by the peoples of the Three Continents
and non-aligned forces, including the solidarity actions with your
organization and tasks related to the problems of Palestine, Chile
and the Southern African peoples.

We have already planned several actions to make 1979 a year
of new progress in our solidarity movement based on what we have
gained in the previous year.

It is in this context that we will hold our convention for
the further development of our solidarity actions at the beginning
of the year.

Therefore, we should be grateful, if your organization could
kindly send a solidarity message to our 22nd national convention.

We are sure that our solidarity movement is going to be
strengthened in this year and the anti-imperialist. democratic
and peace forces all over the world are going to make their inten-
sified efforts for the common tasks in this year.

. We firmly believe that the mutual relation and cooperation
between your organization and our committee also are further
strengthened in this year. '

C

With all best wishes and solidarity,
